THE FARMERS INSTITUTE

Program For the Two Day's Session to be Held Friday and Saturday.

Meetings Will be Held in Court House Assembly Room—Good Speaker's Secured.

The programs are out for the annual meeting of the Rush county Farmer's Institute Association, which will be held at the assembly room in the court house under the auspices of Purdue University on Friday and Saturday of this week.

If the program counts for anything, the institute, this year, gives promise of being the most interesting the association has ever held. The committee having in charge the selection of speakers and the other arrangements for the institute, have labored hard to make the institute better than any held here before and they have selected some of the best speakers and instructors obtainable.

Mr. Alva Agee, the instructor who was obtained for the institute last year, has again been secured. Along with Mr. Agee the committee has secured Joe A. Burton, Prof. J. L. THE FIRST FORTNIGHT

Proceedings of the Legislature Thus Far Have Been Mainly Preliminary.

Indianapolis, Jan. 16.—The legislature convened today for the third week of the session. Some criticism has been offered because more work has not been accomplished in the way of enacting laws, but it is not customary to pass any bill during the first fortnight except the one appropriating money for the expenditures of the session.

It always requires considerable time to organize. Many bills have been introduced and are now in the hands of the various committees. Many of them will be reported out this week, several being reported today. It requires time, however, for careful consideration of the weighty matters on hand, so it need surprise no one if neither house passes any of the important measures during the next month.

The final arrangements were made today for the election of two United States senators tomorrow. There will be twenty-three speeches on the Republican side and twelve from the Democrats, a veritable flow of oratory. This will consume the entire day tomorrow, so it is possible that Senator Beveridge and Senator-to-be Hemenway will not have an opportunity to express their thanks before Wednesday morning.

It is expected that a very lobby will appear this week in behalf of and against some of the more important measures. The Anti-Saloon League has a very persuasive and active lobby here in behalf of its proposed amendments to the Nicholson law. There are many railroad attorneys on hand and representatives of other corporations that are interested in various projects. Perhaps the codification commission bills have attracted the largest number of lobbyists. They will become more active as the contents of these measures are better understood. Senator Fremont Goodwine of Willamette is pushing his bill for the separation of the woman's prison and girls' industrial school and for a new institution for the latter. The bill for an epileptic village is not attracting expected attention, although the project is very interesting. It will come to the front before the session is far advanced. The ways and means committee of the house and the financial committee of the senate will get together as soon as the legislative committee makes its recommendations as to the needs of the various institutions.

An Exchange says: "We are approaching a time when dissipated men will find it difficult to find employment." Approaching? We have passed that point. Dissipated men are not wanted at all, not even by the men who dissipate themselves.

REPUBLICANS IN MAJORITY

Election of Supervisors in all Townships Show That Result.

But Few Voters Were Out Saturday in Any of the Districts.

The returns from the remaining townships show that the Republicans carried the county for road supervisors.

In Union township, District No. 1, W. S. Hall, Prohibitionist, was elected. In No. 2, William Heer, Democrat, was chosen. In District No. 3, the Republicans elected Jacob Clifton, and in No. 4, they elected William H. Gray.

In Noble township, District No. 1, there was no competition, and Pleas Davis, Republican, was elected. In No. 2, Charles Kenner, Republican, defeated Charles Murphy and Bert Davidson, Kenner receiving 6 votes, Murphy 4 and Davidson 2. In No. 3, Jesse Wilson, Republican, received 21 votes, and was elected. In No. 4, Ben Beaver, Republican, was elected by a majority of 11 votes. Beaver received 15, George H. Beaver 4, and Charles Kennedy 1. In No. 5, James Miller, Republican, received 38 votes and John Dawson, Democrat, received 28.

In Orange township, District 1, John Benning was chosen supervisor. In No. 2, John Myers was elected. In No. 3, Eph Redinbaugh. No. 4, James Bennett. No. 5, Joseph Brown, and No. 6, George Stewart. In this township 5 Democrats were elected to 1 Republican.

In Posey township, District No. 1, William Alsmann was elected. In No. 2, William Nelson was chosen supervisor. In No. 3, William Gordon, and in No. 4, Joseph Woods.

In Ripley township, District No. 1, William Moffett was elected. In No. 2, Thaddeus Jeffrey was chosen, and in No. 3, Thomas Norball. In District No. 4, Ora Siler was elected.

In Walker township District No. 1, John T. Clingman was elected and in No. 2, John C. Steele was chosen. In No. 3, Andrew Springer was the lucky one and in No. 4, Charles V. Carr was chosen.

In Washington township, District No. 1, James Morgan was elected. District No. 2, chose O. A. J. Hall, and No. 3, elected Levi Crull. In District No. 4, the vote resulted in a tie, both Fred Knotts and Mr. Frant receiving the same number of votes. All of the men elected in this township were Democrats.

In Center township, District No. 1 chose J. L. Stewart. No. 2 elected Ed. Steele and No. 3 chose Bert Dalrymple. In No. 4, Bert N. Cobee was elected. In this township two of the men elected were Democrats and two were Republicans.

Owing to a misunderstanding in Richland township, both the old and the new incoming trustee ordered elections at two different places, and two sets of supervisors were elected in that township. The court will probably be called upon to decide which set of supervisors is the legally elected one.

DOUBLE TRAGEDY

Veedersburg, Ind., Jan. 16.—John W. Brant, foreman of the Veedersburg News, was shot and killed here Sunday by Charles Eckburg, financial secretary of the local lodge of Odd Fellows. Immediately following the murder of Brant, Eckburg turned the revolver on himself and sent a bullet into his brain. The murder and suicide came as a result of an investigation into Eckburg's accounts as secretary of the lodge, in which Brant has been very active.

DAIRY CATTLE SESSION

First of the Preliminary Meetings to the Farmers Institute This Afternoon.

The first of the preliminary live stock meetings to the Farmers' Institute was held in the examination room at the court house this afternoon at 1 o'clock. The meeting was poorly attended, too poorly in fact in consideration of the excellent program rendered. About thirty people were present. Prof. Van Norman's talk was fine as was Mr. Maish's, and the farmers should turn out to hear them. Following is the program: "How to Feed and Care for Milch Cows," by D. F. Maish, of Frankfort; "Soil Fertility and Milk Production," by Prof. H. E. Van Norman, of Purdue University.

Tuesday afternoon at 1 o'clock the Swine Session will be held. This will probably be held in the assembly room. B. F. Martin and T. A. Coleman will be the speakers. The Ladies Musical occupied the assembly room today and today's session could not be held there.

SECOND LECTURE

Rev. T. H. McConnell Greeted by Large Number of People Sunday Night.

At the First Presbyterian church Sunday night Rev. T. H. McConnell delivered the second of his series of lectures on his trip to the Holy Land. It had been desired by members of the other churches that Rev. McConnell should give these lectures on Monday evening so that all could attend. This plan was considered but found impossible, so that the whole series of eight will be given on Sunday evenings at the Presbyterian church. There is no admission fee whatever, and everyone is cordially invited to hear them.

The lecture last night was extraordinarily good and was given in a most interesting and attractive manner. The stereopticon was admirably handled, and had been arranged so as to work with perfect smoothness. The machine which Rev. McConnell uses is the very best to be had. It is a double stereopticon and the double focus used in some of the pictures makes them very beautiful.

A very fine view was given of Jerusalem as seen from the summit of Mount Olivet. Also splendid pictures of some of the mosques with which Jerusalem is adorned were shown. Among these were views of the Mosque of El Aksa, showing both the exterior and interior of building. The Mosque of Omar, called the "dome of the rock," was shown in colors, displaying the beautiful shades of tile and glass used in the construction of this magnificent building. Several different views were given of the temples built by Solomon, and Herod. One of the finest pictures shown was that of David's Judgment Hall.

Rev. McConnell's descriptions throughout were splendid, being so simple as to give all a clear and good understanding of these places, and yet interesting as to hold the attention of the best informed among his audience. All who were present grant that this lecture was one of the finest ever given in Rushville, and those who were unable to attend will do well to avail themselves of the opportunity of hearing the remaining six of the series.

CHARGED WITH EMBEZZLEMENT

Brazil, Ind., Jan. 16.—Ex-City Treasurer D. H. Cutshall, whose shortage of \$7,140.33 was shown at the special meeting of the city council, was arrested on a warrant charging him with embezzlement. Cutshall was taken before Justice Couch, where he waived preliminary hearing and his bond was fixed at \$3,000, which was furnished and the defendant released.

GOWDY FOR GOVERNOR

Consul General Wanted on State Republican Ticket in 1908.

Political Gossips Predict That Rushville Man Will Enter Gubernatorial Game.

Rumor has it among the political prognosticators of the State House in Indianapolis that "uncle Jack" Gowdy, of this city, who is to be retired by President Roosevelt as Consul General at Paris, will be a candidate for the Republican gubernatorial nomination in 1908.

Something over a year ago it was reported that Mr. Gowdy would seek the nomination for Governor at the last Republican convention. True it is that the Paris Minister was approached in the matter by loyal friends here in Indiana. It is said that their advances were well received by Mr. Gowdy, who thanked them for their kind services and well wishes, but that little encouragement to the plan was given.

While it is too early to forecast conditions in the next campaign from this long-distance view, it is generally conceded that Gowdy would put up a strong fight should he enter the field for the nomination.

As far as known here, Mr. Gowdy has never given the matter any encouragement, but since he is to be retired, he may, when he returns to this county, decide to enter the race in the next campaign.

In retiring Mr. Gowdy, President Roosevelt is but adhering to his motto "a square deal for every man." President Roosevelt is acting upon the theory that President McKinley's political debts have been paid and that a new deal is in order.

THE DEATH OF GEN. WILLIAMS

Warsaw, Ind., Jan. 16.—General Reuben Williams, editor of the Northern Indian and Daily News of Warsaw died at his home here Sunday as the result of exposure while returning from the inauguration of Governor Hanly at Indianapolis.

He was seventy-three years of age and had edited the Northern Indian here for fifty years, being one of the oldest editors in the state. He was a colonel during the civil war and was one of the commission which tried the "Indiana conspirators" in Indianapolis. He was held captive in Libby prison for months and at the close of the war commanded the first regiment to pass the president's reviewing stand.

Winter has come in full blast. This is the time for winter anyway, so let it come.

WEBB—LINES

Popular Young People Wedded in This City Sunday Night.

A beautiful home wedding took place last evening at 8:30, when Rev. W. W. Sniff united in marriage Mr. Carl E. Webb and Miss Pearl Lines. The wedding was held in their own newly furnished home, in the west half of the Caldwell house on West First street. About thirty-five guests, several from out of town, witnessed the ceremony, after which elegant refreshments were served. The bride, whose home is near Greensburg, has resided here for several years, and is highly esteemed by her many friends. The groom, one of the nicest young business men of the city, is the bookkeeper at the People's National Bank. The Republican joins with their host of friends in extending congratulations.

CHURCH NEWS

—There were four additions to the Main Street Christian church at the morning services Sunday.

—The Ladies Missionary Society of the Presbyterian church will meet Tuesday afternoon with Mrs. T. H. McConnell.

—There will be a special meeting of the Whitewater Presbytery in the First Presbyterian church of Richmond, Indiana, on Tuesday, Jan. 26th, 1905 at 7 p. m. Such meeting is called for the purpose of considering, and if the way be prepared, of issuing the following matters of business: (1). The reception of the Rev. Thomas T. Graham from the Presbytery of DuBuque. (2). The presentation of the call to the office of pastor of the First Presbyterian church, of Richmond, Indiana, to the Rev. T. T. Graham. (3). The installation of Rev. T. T. Graham as pastor of the First Presbyterian church of Richmond. (4). The application of the Rev. George W. Applegate for a letter of dismission and commendation to the Presbytery at Zanesville.

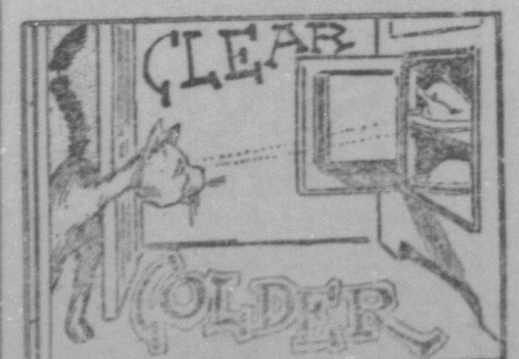

—Dr. Nweeya, a native Persian gave an interesting talk at the First Presbyterian church Sunday morning. The Rev. S. K. Nweeya, M. D. is the son of a native Persian missionary, and is from the high class or nobility of Persia. He has been in this country several years studying, and has graduated from the Central College of Physicians and Surgeons in Indianapolis. He has written an interesting book on Persia, which he brings highly recommended by the following: James Whitcomb Riley, Hiram Kellogg, pastor of the Central Avenue M. E. church of Indianapolis, the Indianapolis News, Sentinel and Morning Star. This book, "Persia, the Land of the Magi," may be purchased for one dollar. Dr. Nweeya will be at the Windsor hotel for several days and all who desire to talk with him will be kindly received.

WHAT THE

PEOPLE SAY

A local drug clerk is just now wondering where Uncle Sam makes his money on postage stamps. The drug store where the young man is employed keeps a supply of stamps on hand which are sold at cost to customers as an accommodation. A nicely dressed lady called for a two-center the other day and casually asked the clerk to please "wrap it up," after recovering sufficiently he wrapped the stamp carefully in a newspaper and the lady went away pleased.

Secretary of Agriculture Wilson is
 trying to stop the putting of poison-
 ous preservatives into meats, fruits
 and other articles. "Frenzied
 Finance" is bad enough but poisonous
 foods are still worse.

Never was there a time when so
 much attention was paid to social
 conditions by students, politicians,
 public men and the general reader.
 Many are the theories that have been
 advanced, but the one that stands out
 beyond all others is the suggestion
 that one thing of all most essential to
 a healthy social condition is employ-
 ment. This is shown not only by a
 study of history of the past but also
 by a study of the present—a study of
 facts as they happen, and also by a
 study of human nature. Many dream
 of a time when the average man will
 be required to do little or nothing.
 There could hardly be a surer way to
 have a hell upon earth either for the
 individual or for the people as a
 whole.

Unterrified House Bryanite Proposes
 to Jar the Taggart Ring.

Indianapolis, Jan. 16.—Representa-
 Jackson Boyd of Greencastle, who has
 been selected to place John W. Kern
 of this city in nomination before the
 house for United States senator, prom-
 ises to stir up the animals some when
 he speaks. Boyd is a Democrat of the
 unterrified brigade. He does not be-
 lieve in sacrificing principle for policy
 nor in ring rule, and he proposes to
 tell the members of the house and the
 public at large just where he stands.
 He is for no compromise with the en-
 emy, and henceforth he thinks the
 fight should be under a standard bear-
 ing that motto. Boyd is a simon pure
 Bryanite, but he fears that some of the
 men who were responsible for the can-
 didacy of Parker are now trying to
 toady Bryan in hopes of being selected
 by him for important roles in reorgan-
 izing the party three years hence.
 What Boyd thinks is that the party in
 Indiana needs a new organization and
 that the party at large needs a new
 national committee.

It seems more than likely now that
 some railroad track elevation legisla-
 tion will be enacted during the present
 session, as the railroads have lately
 shown that they won't object to some
 fair agreement in the matter. The
 trouble has been up to this time that
 neither the city nor the roads would
 compromise, but with each side willing
 to arbitrate and give a little if neces-
 sary, it is not likely that there will be
 so much trouble in the legislature
 when the bill comes up. The city at-
 torney here is preparing a bill which
 the present administration hopes will
 pass. Some time ago the roads sub-
 mitted a plan for elevating the tracks
 at the Massachusetts avenue crossing,
 agreeing to bear a large portion of the
 expense. It is said that a bill along
 the lines of this agreement will be pre-
 sented.

A novelty in interurban railway ser-
 vice was established today by the In-
 dianapolis & Eastern and Dayton &
 Western Traction companies between
 Indianapolis and Dayton, when a
 through parlor and buffet car was put
 on. This car is similar to the com-
 bination Pullman buffet and parlor
 car. The design is beautiful and the
 cars are equipped for high speed. The
 distance of 108 miles is to be covered
 in four hours and fifteen minutes, an
 average of nearly fifty miles an hour,
 which equals the speed of the fast
 trains on the steam roads. The lim-
 ited cars are to make but seven stops
 during the journey. The experiment
 will be watched with interest by the
 traveling public.

The first installment of Taxes must be paid on or before the FIRST MONDAY IN MAY, 1905, or both installments will become delin-
 quent and subject to a penalty.

The second installment must be paid on or before the FIRST MONDAY IN NOVEMBER, 1905.
 The Treasurer's office will positively close at 5 o'clock p. m. on the First Monday of May and the First Monday of November, and the
 penalty will attach to all taxes unpaid at that hour. No tax receipt will be held out until taxes are paid in full. Settlement of Road Tax
 will be made in accordance with reports of Township Trustees.

EXTRACTS FROM THE STATUTES OF INDIANA.

That each person or taxpayer charged with Taxes on a tax duplicate in the hands of a County Treasurer may pay the full amount of
 such taxes on or before the first Monday in May, or may, at his option, pay one-half thereof on or before the said First Monday in May, and
 the remaining half on or before the First Monday in November, in the manner prescribed by law. All road taxes to be added to the first in-
 stallment.

When first installment is not paid prior to the first Monday in May, the taxes for the whole year become delinquent.

The Treasurer will not be responsible for the penalty and charges on Delinquent Taxes resulting from any omission of the persons pay-
 ing to state definitely on what property, in whose name, and in what township or corporation it was assessed.

Persons owing Delinquent Taxes should pay them at once. The late law is of such character that there is no option left the Treasurer but
 to enforce the collection of delinquent taxes, however much he may regret to collect the same, by sale of property.

The owner of property on the first day of April in any year, shall be liable for the taxes of that year. The purchaser of property on the
 first day of April shall be considered as owner on that day.—Sec. 138.

All the property, both personal, and real, situated in any county, shall be liable for the payment of all taxes, penalties, interests and costs
 to the owners thereof, in such county, and no partial payment of any such taxes, penalties, interests or costs shall discharge or release any
 part or portion of such property until the whole be paid; which lien shall in no wise be affected or destroyed by any sale or transfer of any
 such personal property.—Sec. 647, R. S.

The Treasurer has no option in rebating the penalty on Taxes allowed to go delinquent. Taxpayers are particularly notified that all
 Road Tax is due and payable with first installment. No County Orders will be paid to persons owing Delinquent Taxes, and all parties are warned
 against buying the same.

The annual sale of Delinquent Lands and Lots will take place on the Second Monday in February, 1905.

PARTICULAR ATTENTION: Taxpayers should examine their receipts before leaving the Treasurer's office, and see that they are
 correct. Those who have lands or other property in more than one township, must see that they have a receipt for all.

 may be another struggle for suprem-
 acy in the anthracite fields. President
 Mitchell and his organization
 want to be in good shape if there is to
 be a fight, so it will not be surprising
 if something is done at this conven-
 tion to place the organization on a
 better war footing. The organization
 is in good shape financially and the
 membership is growing. President
 Mitchell, Vice President Lewis and
 Secretary Treasurer Wilson will be
 reelected without opposition. It is
 expected that there will be an attend-
 ance of between five and six hundred
 miners at this meeting.

Indiana Jail Figures.

Indianapolis, Jan. 16.—An excerpt
 from the report recently prepared by
 the state board of charities gives some
 interesting figures relative to the pop-
 ulation in the county jails of Indiana.
 Oct. 31, 1904, there were present in
 the ninety-two county jails in the
 state and the Marion county work-
 house a total of 949 prisoners—100
 more than were present on the same
 day in 1903. Seventy-nine of these
 were women. The whole number ad-
 mitted during the twelve months was
 33,810—3,550 more than were received
 during the preceding year.

STATEHOOD BILL

This Important Measure Has
 the Call In the Senate
 This Week.

VIOLENT OPPOSITION

Democrats Threaten to Delay Legis-
 lation by an Active Filibuster-
 ing Campaign.

Most of the Talk Gravitates on Prop-
 osition to Separate Arizona
 and New Mexico.

Washington, Jan. 16.—The intention
 is to keep the statehood bill to the
 front in the senate during the present
 week, with the hope on the part of
 its friends that by the end of the week
 they may be able to get an agreement
 to vote on it. Thus far the opponents
 of the measure have held out stubborn-
 ly against naming a day for a vote
 and while they do not say in explicit
 terms that it is their intention to
 filibuster against the passage of the
 bill, it is evident that unless a compro-
 mise can be reached for the elimina-
 tion of Arizona from the measure
 they will make an effort to prevent a
 vote before the close of the present
 session.

On this account there is coming to
 be more or less discussion of plans
 for the modification of the bill, and
 most of the talk gravitates towards
 the amendment suggested by Senator
 Foraker for separation of the votes of
 Arizona and New Mexico on the ques-
 tion of admission, or that suggested
 by Senator Bard, confining the oper-
 ation of the bill to the creation of
 the state of Oklahoma out of the
 territory of Oklahoma and Indian Ter-
 ritory, entirely eliminating New Mex-
 ico and Arizona from the bill. A num-
 ber of Republicans have announced
 themselves favorable to either of these
 modifications, and the hope is expres-
 sed that the Democratic senators may
 be brought to accept them.

In the meantime the debate will
 go on. Senator Bate, the senior
 Democratic member of the committee
 on territories, said that a number of
 Democratic senators are prepared to
 take the floor in opposition to the bill
 in its present shape. He would not
 admit a willingness to accept the
 Foraker or Bard amendment, but said
 that either of them would be debated.
 Other Democrats do not manifest a
 disposition to hold out so stiffly, and
 some say frankly that they would
 feel liberally inclined towards the
 union of Oklahoma and Indian Ter-
 ritory if the bill can be confined to
 those territories. Senator Beveridge

who is in charge of the bill, will be
 absent from the city during the great-
 er part of the week, and the bill will
 be in charge of Senator Nelson. Mr.
 Beveridge goes to Indianapolis to be
 present at his prospective reelection
 to the senate, and will not return
 until Friday.

The pure-food bill will become the
 unfinished business when the state-
 hood bill is disposed of, but time is
 rapidly slipping away and with only
 one of the appropriation bills passed
 there probably will not be much op-
 portunity to consider the pure-food
 bill if it is not taken up quickly. The
 friends of this measure are discuss-
 ing the advisability of a vote to dis-
 place the statehood bill with the pure-
 food bill. Nothing, however, is de-
 termined on in that direction, and in
 no event will it be undertaken in the
 absence of Senator Beveridge.

IN THE HOUSE

Swayne Case Will Hold the Boards
 This Week.

Washington, Jan. 16.—The impor-
 tant work before the house of repre-
 sentatives this week is the dispo-
 sition of the Swayne case. It cannot
 be foretold just how much time will
 be consumed before a conclusion is
 reached as there are a number of
 members who desire to speak on the
 subject before final action is taken
 on the articles of impeachment report-
 ed by the select committee. As this
 is a question of the highest privilege
 it will have precedence over all other
 business undisposed of. Today being
 suspension day some time was given
 over to the consideration of minor
 business under suspension of rules,
 after which argument was resumed
 on the Swayne case.

The army appropriation bill also is
 pending before the house. General
 debate on the bill has closed and the
 bill is being read by sections for
 amendment under the five-minute rule
 when it was laid aside for the con-
 sideration of the impeachment case.
 It is the intention to resume consid-
 eration of the army bill as soon as
 the pending matter is out of the way.
 The pension bill has been reported
 from the appropriation committee and
 is ready for the action of the house,
 while the currency bill is still a pend-
 ing matter.

Attempted Assassination.

Moscow, Jan. 16.—At the Nicholas
 station last night while General Tre-
 poff was bidding farewell to Grand
 Duke Sergius on his departure for St.
 Petersburg, a young man wearing a
 student's cap fired three shots from a
 revolver at the general. All the shots
 missed General Trepoff. Grand Duke
 Sergius proceeded on his journey.

COMBES GIVES UP

Political Storm in France Broke on the Premier's Head.

Paris, Jan. 16.—The ministry of M. Combes, after emerging successfully from its bitter struggle in the chamber of deputies, has decided to abandon the field while some portion of its prestige still remains, and has signified its intention of resigning. Official announcement of the resignations has not yet been made, but M. Combes

M. JEAN LOUIS COMBES.

has definitely stated the intention of himself and his colleagues, and the termination of the ministry after a tempestuous career of three years only awaits the formal submission of the letters of retirement.

Friends of the ministry maintain that its retirement is voluntary, as M. Combes has succeeded in resisting the effort to compel his fall. The opposition, however, holds the decision as a victory, claiming that the small majorities for the ministry left M. Combes shorn of effective strength.

THE CHADWICK CASE

A New and Interesting Development Has Arisen.

Cleveland, Jan. 16.—Investigation into the charge that Mrs. Cassie L. Chadwick smuggled large quantities of diamonds, gems and other precious stones into this country has developed the fact that the woman dealt in precious stones to an almost fabulous extent. In order to make a case on the charge of smuggling it was found necessary for the government authorities to trace all the deals for diamonds and jewelry made by Mrs. Chadwick, both in this country and Europe. The statement has been made by Collector of Customs Leach that considerably more than \$250,000 worth of jewelry and precious stones handled by Mrs. Chadwick has been traced and positively located. It is added that this great amount of jewelry has been uncovered, with the investigation still incomplete. Of this amount the government is directly interested in about one-third.

While the government is attempting simply to collect any unpaid duties on diamonds brought from Europe, it is said that all the information secured through the investigation will be placed at the disposal of Receiver Nathan Loeser and that he will be able to realize thousands of dollars for the creditors of the woman.

"It is simply the truth to say that Mrs. Chadwick handled pearls, rubies, sapphires, emeralds and garnets almost literally by the peck," said a government official. "Testimony of experts shows that the woman did not handle anything but the finest article, and there is scarcely a penny's worth of cheap jewelry in the entire lot that has been traced."

According to government officials, by far the greater portion of the jewelry is in the hands of innocent persons scattered all over the country. The work of informing these people that their claim on the jewelry is to be protested is going on. The anticipation is that practically all the people who have the jewelry will agree to a settlement without taking the matter into the courts. At the same time, the government authorities as well as Receiver Loeser are taking steps to enforce their demands in the matter if so compelled.

Destructive Incendiary Blaze.

Norwalk, Ohio, Jan. 16.—A most destructive fire occurred at Berlin Heights Sunday, destroying Baker's meat market, John Humphrey's hardware store, Newton & Robb block, occupied by the Citizens Banking company, the Budget printing office, with L. Endle's residence, Leeman Jenkins' hardware store and Dr. Eldridge's office. The loss is estimated at from \$30,000 to \$40,000. The fire is believed to have been of incendiary origin.

Want to Be Friends.

Denver, Jan. 16.—Negotiations have been opened by the officers of the National Livestock association with the American Cattle Growers' association, which was organized in this city last Friday by cattlemen who seceded from the stockmen's convention, with a view to establishing harmonious relations between the two organizations.

Tragedy of the Strike.

Fall River, Mass., Jan. 16.—John Neville, a weaver, who with his crippled wife had suffered much, laid down the paper after reading of the failure of the strike conference, and, crossing the room to a looking glass, drew a razor across his throat. He died immediately.

New Castle, Pa., Jan. 16.—Frank Johnson shot and killed his son-in-law, Herman Genkinger, a prominent merchant of this city.

A RISKY MACHINE

Was Found In This Man's Possession and He Will Be Held.

HE MAKES CONFESSION

Mysterious Stranger Who Gives a Significant Alias Admits a Couple of Desperate Acts.

Left Dynamite Trunk on the Umbria and Tried to Blow Up Frederick's Statue.

Philadelphia, Jan. 16.—"Gessler Rousseau," who was arrested in this city on Thursday with an unloaded infernal machine in his possession, admitted to the police Sunday that he is the man who attempted to destroy the statue of Frederick the Great in Washington last Tuesday, and also that it was he who sent the trunk containing an infernal machine to the British steamship Umbria at New York in May, 1904. The prisoner, whose right name is not known, made these admissions in the office of Captain Donaghy of the Philadelphia detective bureau after he had been identified by persons brought here from New York and Washington for that purpose. He gives no reasons for the attempted outrages except that "there are too many foreign affairs in this country." After having Rousseau under fire all afternoon, the police classed him as an "American patriotic fanatic." The prisoner gave no information voluntarily to the police, admitting only those things which the police had fastened upon him. Both the Washington and New York authorities want the man, and it is probable that he will be turned over to the police of the latter city.

The apprehension of Rousseau was due to the disappearance of Owen Kelly, a wealthy Irish-American, who is prominent in Irish-American societies in this country. Kelly disappeared on Oct. 25 and from time to time the newspapers, particularly of the East, have published articles on the mysterious disappearance. These, the police believe, undoubtedly attracted Rousseau's attention. On Thursday he called on Patrick Kelly, the brother of the missing man, and offered to take him to his brother in New York for \$500. He said he and Owen Kelly belonged to secret societies that were organized for the purpose of blowing up British ships in American ports. The valise he carried, he said, contained explosives. Patrick Kelly notified the police and Rousseau was taken into custody. The valise contained an infernal machine of the clock arrangement variety, but no explosives. About the machine was wrapped a Washington newspaper. This gave the police the clue that he might know something of the explosion at the statue of Frederick the Great, and his picture was taken and sent to both the Washington and New York authorities. In the meantime he was also suspected of knowing something of the steamship Umbria incident. An investigation was begun and upon being identified the man confessed.

Known in Chicago.

Chicago, Jan. 16.—"Gessler Rousseau," who was arrested in Philadelphia Thursday, is well known to the Chicago police. He lived under the name of Russell at 287 Washington boulevard, where he had his workshop. He seemed well supplied with money and paid liberally for everything he bought.

Charged With Fraud.

Chicago, Jan. 16.—Frank Wheelberger and Patrick Kilgallon were arrested by the United States marshal at Lewistown, Ill., the former on charges of defrauding the St. Louis & San Francisco Railroad company in Indian Territory, and Kilgallon on a charge of having been his accomplice. It is alleged that through fraud the two men secured pay checks made out to other persons and, posing as the real owners of the checks, had them cashed. The two prisoners were brought to Chicago and will be taken to Indian Territory by a deputy United States marshal.

They Want the Money.

Rome, Jan. 16.—The religious orders, strongly supported by Cardinal Vivesse Tuto, are urging the vatican to press for the payment of the money awarded by the United States for the purchase of the friars' lands in the Philippines. The vatican has replied that nothing can be done in the premises until Archbishop Agius, the apostolic delegate to the Philippines, arrives at Manila and makes his report on the situation.

A \$100,000 Blaze.

Hoopeston, Ill., Jan. 16.—Fire in one of the main business blocks of the city Sunday caused a loss of about \$100,000. Frank H. Parnell's department store and the brick building adjoining, owned by Mayor James A. Cunningham, were burned.

Tragedy at "Kingdom Come."

Middlesboro, Ky., Jan. 16.—On the creek of "Kingdom Come," Alphonse Baker was killed by Thomas Charles. Baker was a Baptist and Charles is a Methodist. They quarreled on the question of infant baptism.

A NEW COMPLICATION

Japan Charges Russia With Invading Neutral Territory.

Tokio, Jan. 16.—Later reports from New Chwang indicate that General Mischtschenko's Cossacks in their recent raiding southwest of Liao Yang deliberately invaded neutral territory and broke the limits of the war zone. The reported Russian note to the pow-

GENERAL MISCHTSCHENKO, COMMANDER OF COSSACKS.

ers calling attention to China's non-enforcement of neutrality is regarded here in some quarters as absurd. It is felt that China's weakness and constant failure to enforce neutrality must release Japan from obligation to observe restrictions which Russia openly ignores.

While the extension of belligerent territory is to be regretted, it is felt that Japan must take steps to protect herself against the repetition of raiding expeditions whose success depends on the violation of neutral territory.

Only a Raiding Expedition.

St. Petersburg, Jan. 16.—The war office does not admit that the appearance of General Mischtschenko's cavalry southwest of Liao Yang is more than a raiding expedition designed to strike the railroad at several points and interrupt the transportation of General Nogai's guns from Port Arthur to Manchuria, but from certain indications it seems possible that it is preliminary to an operation of magnitude. General Mischtschenko has over 20,000 horsemen, and, moving rapidly, might be able to seriously damage communications in the rear of Liao Yang.

Town Not Much Damaged.

Port Arthur, Jan. 16.—General Nogai, attended by his staff, the divisional commanders and foreign attaches, reviewed detachments of all arms in the new town square Sunday. There was a stirring display. The generals afterward marched through the town, which shows few signs of the bombardment. No casualties occurred to women or children who lived in the houses throughout the siege. Champagne was always obtainable. There was little dysentery or typhus, but much scurvy, owing to the lack of vegetables.

Peace Looks Far Off.

London, Jan. 16.—The tone of the rescript addressed by Emperor Nicholas to the army and navy is regarded here as putting an end to all present hopes of the possibility of mediation or peace and as indicating the likelihood that General Kuropatkin soon will resume the offensive.

No Serious Fighting.

Mukden, Jan. 16.—There has been no serious fighting for several days, though night skirmishes on both sides continue.

A Bolt on Niedringhaus.

Jefferson City, Mo., Jan. 16.—A sufficient number of Republicans have bolted to defeat the ratification tomorrow of T. K. Niedringhaus, the state chairman, and recently named by the Republicans in caucus to succeed United States senator Francis M. Cockrell.

County Goes After Property.

Logansport, Ind., Jan. 16.—A writ of execution has been served upon Mrs. E. F. Obenchain to secure for the county the real estate of the defaulting county treasurer.

TEXAS FRUIT LANDS

Produce Early Crops Which Bring Fancy Prices.

In Texas they begin shipping berries in April, tomatoes in May, Peaches in June, bringing fancy prices up North.

The growing season is much longer than in the North—a chance to make two and three crops, reducing the expense of "getting through" the winter.

Fruit and truck lands along the Cotton Belt Route are very cheap as yet—\$10 to \$15 an acre unimproved. When put to orchard or truck they can be made to yield \$100 to \$200 per acre and more.

Besides, it's an ideal climate—no long, cold winters. Write for booklet on fruit and truck growing.
